Finishing

Choose from multiple wood finish options given on the left. Signum LuxeSteel Furniture is coated using eco friendly materials. Solid colours such as white, blue, grey etc. are also possible.

Our coating process is fully automated and completely CNC controlled. Each piece of furniture undergoes a rigorous pre-treatment process prior to the final coating, to ensure long lasting final surface. After the coating is completed, the finished product is inspected by our Line Quality Inspector before it is sent to the next stage.
